

Breakspeare School works in partnership with Hertfordshire Community NHS Trust who provide a dedicated, full time qualified nurse on site during school hours.

The nurse coordinates clinic appointments with the community consultant paediatrician who visits school on a weekly basis.

The nurse can administer medications that are due during the school day and can also give simple pain relief and medication for raised temperatures with parents' prior permission.

As a full time member of staff, the nurse provides essential liaison between parents, school and other agencies that your child might be involved with.

The nurse can be contacted directly and is always available to discuss any concerns or worries that you may have.
