4. Curriculum Provision

Our 'Myself' curriculum has Preparing for Adulthood principles embedded into each phase of our school. We aim to prepare our students for adulthood by developing their functional communication skills, social skills and independence skills. We support and encourage students to develop interests and leisure opportunities and where possible include them within student's individual learning. We differentiate our provision/ delivery so that it is commensurate to our student's abilities.

All students who have been assessed under Solar Routes for learning and pathway 2 will be continuously working towards targets that develop student's self-awareness, self-determination and self-improvement as a learner across the curriculum.

Planning for Adulthood and Work Related Education is an important component of the "Myself" curriculum at Breakspeare School.

EHCP targets are assessed throughout

A YC Hertfordshire Adviser is available to all of our students and their parents. The time is spent observing students and working with them in class, working with parents and delivering events throughout the year, planning meeting to discuss the upper school cohort to help enable future planning, college visits, supporting with other areas e.g. social care needs. The PfA Plan is updated in subsequent years and includes the support needs of each young person. This information can be passed on to the appropriate colleges or training providers to help them plan for that transition. A copy of the young person's PfA Plan is also sent to the young person and their parent/carer.'

Premises and facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the school office which will then be passed onto the Careers Lead. This will then be placed in the school entrance where it will be available to all students and parents. A copy, will be sent home directly with students where it is deemed relevant.
