

BREAKSPEARE SCHOOL

SPORTS PREMIUM STRATEGY 2018-19

Background

In order to improve the provision of physical education and sport in primary schools the government is providing additional funding for primary school sport. This funding is given directly to schools to be spent on additional and sustainable improvements to the quality of PE and sport. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils in years 1-6 will receive the funding. All schools will be held accountable for how they have used the additional Sports Premium Funding to support pupils' progress and participation in PE and school sport.

Allocation

For the academic year 2018 -19 we expect to receive an amount of £ 16 000.

Rationale

Our rationale for the use of Sports Premium funding, which the Governors have agreed, are that it must be used to:

- Develop and add to the PE and sport activities we already offer
- Make improvements now that will benefit pupils joining the school in future years
- All students benefit from the usage of sports premium regardless of their sporting / physical abilities
- Provide our students opportunities to access a wide range sports activities
- Provide training opportunities for staff and CPD in developing their skills in PE
- Subsidise some sports activities so that the students do not miss out due to financial constraints
- To participate in sporting tournaments and games through the use of collaborative partnerships

Usage 2018-19 With the above rationale in mind and following the guidelines of how to spend this money, our plan for the use of the sport premium funding includes;
