Summary: 92 % of the parents and carers who answered to this survey either strongly agreed or agreed with the given statements. This indicates that the vast majority of the families are happy with the provision; care and education that is provided for their child at Breakspeare School.

A relatively large number of parents responded 'I don't know' to the survey statements. To us this indicates that we need to action on this providing our parents and carers with more detailed information about their child's school life.

10 families expressed the following other comments, feedback and suggestions in the survey:

- We are very happy with BS school. In particular we have been amazed and delighted by the opportunities in the upper school which are broadening the students' knowledge and life skills.
- I feel as if there could be more communication between the school to myself about my child's school day. I feel the homeschool book is very repetitive and I don't actually know much about what my child has done, ate, open their bowels etc. Also I feel that there could be more feedback from the therapists. SALT for example; I get 2 reports a year and don't have a clue what is going on in between.
- We think this is the best school for our son. Every single day he is more smart and his behaviour is much better like previously.
- Not enough options to answer this questionnaire; options 'somewhat agree' or 'not enough evidence' might qualify better. It would be very useful to have access to videos to see what the child does in school/class/lessons, especially when the child's communication is limited and can't tell us at home what they did at school or reluctant to practice at home the learning from school (our child doesn't want to read at home or practice math).
- Outstanding school where children needs are put always first. Very supportive of a family unit. Thank you for your support and never turning down any problems or concerns.
- We are very satisfied with the progress of our child since he started at Breakspeare. He is always looking forward to go to school every day. We are very thankful to all the staff especially in Class 1 for all the efforts and patience given to each student. We wish you all more power and good health to continue all your hard work and efforts to provide utmost teaching to each child.
- I would like to be more included and involved in my child school activities. I would like to see pictures from school activities with my child at least every week and know the topic of each week.
- The school is exceptional and we wouldn't be happier our son is there.
- I'm not sure if my son loves the school or not. He is very complicated to understand. He likes few of his class mates - I know school is very good and has every facility for SEN child - My son has improved a lot but I think maybe teachers need to understand his needs and problems a bit. - I think some more steps should take for his improvement unless it doesn't late and on some level remain the same. I also should try harder and I'm trying so. I am not expecting much but try to help him to improve better. He understand a bit cannot peact on it. - Sorry for anything I wrote hurt anyone.
- The school is conductive environment - teachers and staff very friendly and understanding - my son is confident and happy in Breakspeare School
